

Md. Shahariar Nahin

Full-Stack Developer | Python, Django & React

nahinshahariar27@gmail.com | github.com/nahinsha | linkedin.com/in/md-shahariar-nahin-a5b147301

Profile

Computer Science & Engineering graduate focused on backend and full-stack web development, with hands-on experience in Python, Django, React, JavaScript, SQL, and REST APIs. Experience in academic research and publications in machine learning and technology-focused research.

Technical Skills

Languages: Python, JavaScript, SQL

Frontend: HTML, CSS, React.js

Backend: Django, Django REST Framework, REST APIs

Database: MySQL

Tools: Git, GitHub, JWT Authentication

Projects

Hospital Management System — Django REST Framework, React.js, MySQL, JWT, Axios

Full-stack Hospital Management System with JWT authentication, role-based access, doctor/patient/appointment/prescription/medicine management, billing, and a React frontend backed by a REST API and MySQL database.

E-Commerce Web Application — Django, Python, HTML, CSS, JavaScript, MySQL

E-commerce web application with product, category, customer, cart, and order management, CRUD functionality, and MySQL database integration.

Experience

Teaching Assistant — Presidency University (Oct 2024 – May 2025)

Assisted faculty in academic activities and course coordination; supported research-related tasks under Prof. Dr. Hakikur Rahman; managed website content, documentation, and information updates.

Research & Publications

A Comparative Analysis of Machine Learning Algorithms for Predicting Student Academic Performance — Journal of Data Analytics and Intelligence, Vol. 2, Issue 1, Jan 2026.

Empowering Aging Communities: The Role of AI-Driven Assistive Technologies in Fostering Independent Living — Proceedings of the XIII International Scientific Conference "Care of the Elderly in Contemporary Society," Vol. II, pp. 326–341, European University Brcko District, Bosnia and Herzegovina (2025).

Academic Research Project: Heart Disease Prediction Using Machine Learning — model comparison across multiple algorithms with accuracy, precision, recall, and confusion matrix evaluation.

Education

Bachelor of Computer Science & Engineering — Presidency University (2021–2025)

Higher Secondary Certificate (HSC) — Chattogram Cantonment Public College (2019)

Secondary School Certificate (SSC) — Government Muslim High School, Chattogram (2017)

Leadership & Extracurricular Activities

Joint Secretary — Presidency University Social Services Club (2024–2025)
